CHRISTOFOROS KAPSALIS

Agrinio, Greece | +30 698 826 3291 | ch.kapsalis@outlook.com | LinkedIn | GitHub

Technical author and product-minded engineer working across software, data, and marketing.

EXPERIENCE

Canonical - Technical Author (incoming) *Starting 9 Nov 2026*
Charm Engineering

Maya Insights - Shopify App: Product and Marketing *Nov 2026 - Present*
Contract | Remote

Maya Insights - Marketing Engineer *Apr 2024 - Nov 2026*
Full-time | Remote

- Owned the Maya MCP server prototype and designed its LLM-to-semantic-model contract: intent classification, metadata retrieval, and automatic DAX query generation.
- Moved Power BI models to TMDL and unified advertising, CRM, and web data. Built retention dashboards and automated lead workflows that identified a 15% churn-risk segment and doubled lead conversion.

Syracuse University - Whitman School of Management *Jan 2026 - May 2026*
Research Assistant, Marketing | Teaching Assistant, Finance

- Built a longitudinal research panel and applied fixed-effects methods to study non-profit and church retention and engagement.
- Supported the graduate Data Analysis course through office hours, grading, and instruction.

Wikifarmer - Marketing and Analytics Specialist *Jun 2023 - Mar 2024*
Athens, Greece

- Cut customer acquisition cost 18%, lifted email open rate 17%, and launched a blog that drove 50% of newsletter signups within three months.
- Built Power BI KPI dashboards and led email campaigns to 10,000+ contacts; wrote company thought leadership and press pieces.

Wikifarmer - Pre-Sales Executive Intern *Mar 2023 - Jun 2023*
Athens, Greece

- Supported DACH lead generation, HubSpot data quality, and email-marketing automation.
